

- NOTES:**
1. Material 14 ga. galvanized steel factory assembled & welded for easy installation
 2. Finish - NONE
 3. Fasteners are included with ordered pieces
 4. Filters must be ordered separately
 5. Pre-filter clips are to be ordered separately
 6. Each filter area is equipped with 4 ea. swing-arm assemblies per filter
 7. Accomodates either 24x24x11½ or 12x24x11½ HEPA filters
 8. Swing arm bolt assemblies - 4 swing arm bolt assemblies will be provided for each filter to be held by the module. Swing arms are to be constructed of 5/16" zinc electroplated steel and provided with clamps and hex nuts in order to effect adequate and uniform pressure on each HEPA filter
